

### Construction Details

- Ball-bearing drawers open 100% for full storage space.
- Cabinet comes with a 3” high base with a 2” recessed toe space.
- Combination of Cabinet(s) and Leg(s) with framework to provide worksurface support.

### Components:

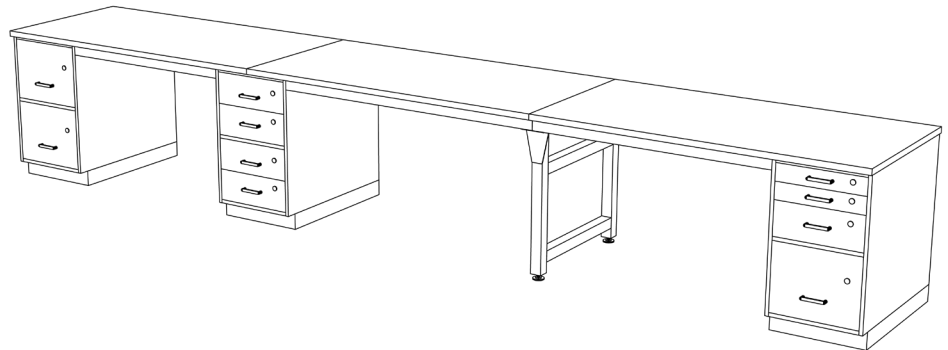

Cabinet(s)  
Frames  
Leg Section(s)  
Worksurfaces

### In-Line Cabinet Workstations

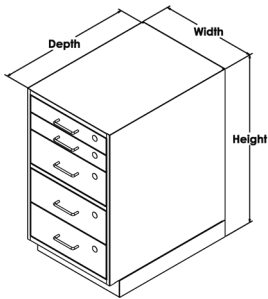

An in-line row consists of a “Starter” station, followed by any number of “Intermediate” stations. Standard sizes for Starter and Intermediate stations are 24”, 30” or 36” depths x 48”, 60” or 72” lengths.

In-Line rows may consist of your choice of a Leg or Cabinet (cabinet selection begins on page 2) at starting, ending or intermediate positions.

Contact your Design Specialist for assistance in configuring your in-line workstation.

# 36" Height x 30" or 36" Depth Cabinet Selection

All Workplace cabinets come in a variety of heights, widths, or depths.

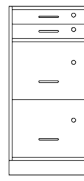

## CABINET INFORMATION

- Standard cabinet widths: 16", 24", 30" and 36"
- 30" & 36" height cabinets with doors come with two (center swing out) doors.
- Single doors can be configured with a left or right hinge.
- Cabinets with doors come with an adjustable interior shelf.

## DRAWER DEPTH

- Small - 2-13/16"
- Medium - 5-3/4"
- Large - 11"
