

Corner Cabinet Workstations

Construction Detail:

- ▶ Maximize corner space utilizing an L-shape (corner) configuration constructed from a combination of cabinets and leg to form a functional workspace.
- ▶ Cabinets are provisioned to accept all Workplace add-on accessories and include a 3" high-leveling base with a 2" recessed toe space.
- ▶ Drawers are equipped with 100% full-extension, all steel ball-bearing drawer slides, allowing full access to drawer storage space.
- ▶ Locks are optional; specify LK1 on cabinet model #.

L-Shaped (Corner) Cabinet Workstations

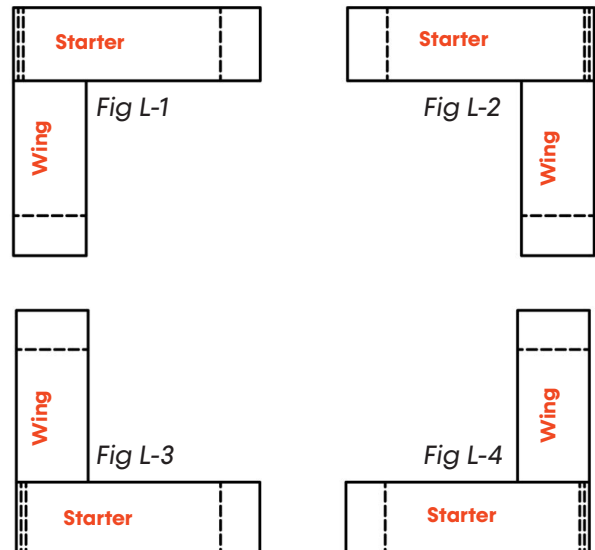

- To configure an L-shape (corner) cabinet workstation, starter unit and wing unit frames are connected, eliminating the need for a leg on the wing unit and providing ease of access between the starter and wing sections. Please refer to the L-shape (corner) configuration below, which shows possible configurations and cabinet selection (following pages)
- L-shape (corner) cabinet workstations may also be configured from positioning two free-standing workstations.

Additional Sizes and Configuration

Model numbers listed above are based on popular sizes - additional sizes are available. Contact us at 603.622.3727 for more information.

Available workstation configuration options:

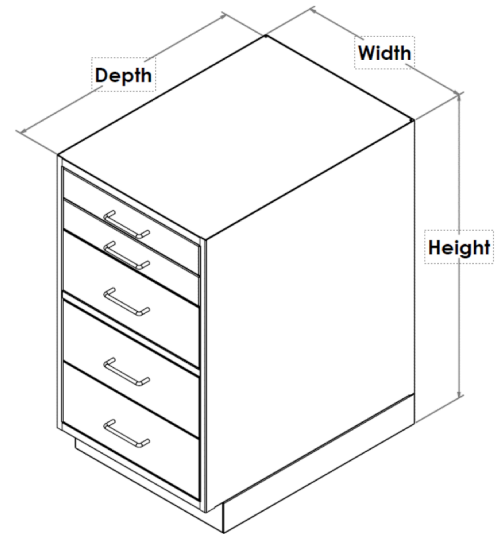

- Mobile Cabinet-To-Cabinet
- Cabinet-To-Cabinet
- Cabinet-To-Leg
- Banked
- In-Line

Cabinet Selection Guide - 36"H x 30/36"D

Cabinet Information

- ▶ Standard cabinet widths: 16", 24", 30", 32" and 36".
- ▶ Single door cabinets (16" or 24"W) hinged left or right.
- ▶ Hinged dual door cabinets (30", 32", 36"W); swing out from center.
- ▶ Cabinets with drawers come with an adjustable interior shelf.
- ▶ File drawer insert available for large drawers.
