

MOBILE STANDARD LAB WORKSTATION WITH EPOXY RESIN WORK SURFACE

What You Need To Know:

- **Exceptional Durability:** Crafted from robust 2"x2", square 18-gauge furniture grade steel tubing.
- **Stable Workspace:** Full-perimeter frame ensures a stable worksurface, eliminating sagging or warping, and supports up to 800 Lbs.
- **Customizable Height & Mobility:** Mobile legs adjust in 1.5" increments and 5" total-lock caster allows for effortless mobility and height customization.
- **Unmatched Chemical Resistance:** Epoxy resin worksurfaces are engineered for longevity and provide exceptional resistance to chemicals and heat.

*Pricing reflects configuration shown above and does not reflect discounts.
